Notification: 19-06
May 6, 2019

SUBJECT:
CALNET Guidelines for Ordering Office 365 G5/E5 Bundle

Office 365 bundled services contain telecommunications services that conflict with
CALNET Required services for Executive Branch state entities. In order to enable
Office 365 service and take advantage of bundled pricing, the following Office 365
G5/E5 bundles are available for use by Executive Branch state entities.

Allowable Service Bundles

Executive Branch state entities that want to purchase Office 365 G5/E5 may only order
service bundles with the following SKU numbers. Any other Office 365 G5/E5 packages
may not be ordered by Executive Branch state entities. Office 365 service bundles may
be found on the CA Department of Technology service catalog
(https://cdt.ca.gov/services/office-365/).

Office 365 G5 step-up (from Office 365 G3 or M365 G3)

Restrictions

The following add-on features to the Office 365 bundles listed above are not available for purchase by Executive Branch state entities:

- Audio Conferencing to allow invitees to join Skype for Business meetings by dialing in from a landline or mobile phone

- Add-on Calling Plans

Executive Branch state entities may not use Office 365 G5/E5 services to replace CALNET services currently supporting Private Branch Exchange (PBX) or premise-based phone systems.

Please forward this bulletin to others within your organization who may need this information.

If you have any questions regarding this Bulletin, please contact the CALNET Customer Service Line at (916) 657-9150 or email CIOCALNEThelp@state.ca.gov for assistance.
